FINANCIAL AGREEMENT

We are committed to providing you with the best possible care. If you have medical insurance, we are qualified to help you receive your maximum allowable benefits. In order to achieve these goals, we need your assistance, and your understanding of our payment policy.

Vein Surgery Patients: As a courtesy, we will send your photos and medical information to your insurance company. The letter will request that your insurance company send you a letter stating whether these procedures/supplies are covered and how much they will pay. This letter is normally sent out within 1-2 weeks of your first visit to our office. If you do not hear from your insurance company within 6-8 weeks, we recommend that you contact them for their response. We have no control over whether they respond to this request. (This letter will not be sent to Medicare or secondary insurance).

Payment for services not covered by insurance is due at the time services are rendered unless payment arrangements have been approved in advance by our management. All other balances must be paid within 30 days of the balance becoming the patient's responsibility. Returned checks and balances older than 30 days will be subject to additional collection fees and interest charges of **2% per month**.

**** We require at least TWO (2) WEEK notice for all surgery cancellations or reschedules.** A $200 fee will be charged if TWO (2) WEEK notice is not provided, and increased to a $500 fee for any cancellation or reschedule within 48 HOURS (2 business days) of the scheduled procedure or appt. We require 48 HOURS (2 business days) notice for spider vein and/or all other treatment session cancellations or reschedules, or a $100 fee will be charged

****** Initial consultations, which are not cancelled within 48 hours, will not qualify for the courtesy/complimentary screening.

**** _____(Initial)** Venous Duplex Ultrasound examination is a separate charge and is **NOT** included with the complimentary screening.

Your visual vein screening evaluation and subsequent discussion with the physician is complimentary. However, if a patient presents with symptoms of varicose veins, a diagnostic ultrasound test will be medically necessary to determine the source of the diseased varicose veins and will be billed as a separate charge to your insurance company. Depending on your insurance plan you may owe ALL or a portion of the claim.

You must realize, however that:

1. Your insurance is a contract between you, your employer and the insurance company. We are not party to that contract.
2. Our fees are generally considered to fall within the acceptable range by most insurance companies. This statement does not apply to insurance companies who reimburse based on an arbitrary "schedule" of fees, which bears no relationship to the current standard and cost of care in this area.
3. Not all services are a covered benefit in all contracts. Some insurance companies arbitrarily select certain services they will not cover.
4. Please contact your insurance for verification of participating coverage.
5. For Medicare Risk Plan HMO patients, we do not participate with your HMO, therefore you will be responsible for all charges out of Pocket.
6. For Medicare patients, we do accept assignment with Medicare. Therefore, we will file your vein surgery claims, and Laser and Sclerotherapy claims for symptomatic varicose veins to Medicare and you will be responsible for the Medicare co-insurance amount And deductible. You will be responsible for payment of any non-covered services/supplies and no claim will be sent to Medicare.
7. **Any insurance payment paid to you by your insurance company must be paid to Premier Vein & Body within one (1) week of Receipt.**
8. Self payment arrangements will be void if insurance is later presented or insurance covers procedure(s).

We must emphasize that as medical care providers, our relationship is with you, not your insurance company. While filing of insurance claims is a courtesy that we extend to our patients, all charges are your responsibility from the date the services are rendered. We realize that temporary financial problems may affect timely payment on your account. If such problems do arise, we encourage you to contact us promptly for assistance in the management of you account.

I hereby request that payment of authorized Medicare/Insurance Company benefits be made directly to Premier Vein & Body for any services furnished to me by its physicians. I authorize release to the Health Care Financing Administration or said insurance company and its agents any medical information about me needed to determine these benefits or benefits payable for related services.
I have read and fully understand the above statements regarding payment policies and agree that I am responsible for any fees incurred on account of services provided to me.
